TEMPERATURE CONTROL

Ambiance Air

A concealed luxury PTAC

FRC SERIES

COMPACT UNIT – MODEL CU 140 - 210

FEATURES

- ✓ Ideal for retrofit / new construction projects
- ✓ High-end residentials & commercials
- ✓ PTAC replacement unit
- ✓ Easy installation / No build-out
- ✓ Through the wall installation
- ✓ UL listed products
- ✓ 24-hours operation - Cooling / Heating mode
- ✓ Fast restart due to bypass valve
- ✓ Suction accumulator pre-charged with refrigerant R-134a

- ✓ Self-integrated condensate pump with spray system
- ✓ Brushless DC fan for noise reduction
- ✓ Summer fan mode
- ✓ Auto / Manual fan speed mode
- ✓ Energy efficient rotary compressor
- ✓ High efficiency – 15 000 to 23 000 Btu/h
- ✓ High SEER
- ✓ Built-in sensors for remote assistance - optional
- ✓ Digital wireless touchpad controls
- ✓ IOS App for remote control

IOS App

Thermostat

ADDITIONAL HEAT EXCANGER COIL
C: Not installed
D: Water + valve 24Vdc/ac
E: Steam + valve 24Vdc/ac
F: Water
G: Steam

MAIN IDENTIFICATION
COMPANY'S CODE

Size
140
210

VOLTAGE
1: 110–125 V
2: 208–240 V

FREQUENCY
A: 60 Hz
B: 50 Hz

THERMOSTAT – REMOTE CONTROL
L: Normally included (basic configuration)
M: WiFi thermostat

FRC CU 140 MB 2 A 3 C 8 L

MODEL TYPE
CU: Compact Unit
WL: Wall
CL: Ceiling

PART OF HEAT PUMP
CF: Ceiling Fan
CR: Compressor Unit
MB: MonoBlock
WF: Wall Fan

GAS PRELOADED
3: R134A
4: R407C
5: R410A
6: HFO1234YF

ELECTRIC HEAT
7: 750+750 W (2 steps)
8: 1500+1500 W (2 steps)
9: Not installed

WARRANTY PROGRAM

2 years on all parts

5 Year Warranty on Compressor Parts

Remote monitoring assistance - OPTIONAL

WE store our products and all parts in our storage unit

Replacement Parts are available for immediate delivery

PLEASE REFER TO OUR MANUAL OF INSTALLATION FOR:

- Refrigerating Pipes
- Dixell and KBLUE Thermostat
- OTHER
